For children under 12 yrs at time of embarkation,	20,00
For children under 12 months	5,00

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

Passengers will have to defray their fare and expenses to Liverpool, and on arrival there should avoid all runners, and proceed to TRAIN & CO'S Office, No. 118 and 119 Waterloo Road.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

ENOCH TRAIN & CO., Proprietors of the Boston and Liverpool Line of Packets, hereby give notice, that they have made extensive arrangements with the Western Rail Road Corporations, in connection with the Rail Roads in the Western States, and Steamboats on the Lakes, for the *forwarding of pre-paid passengers* from Boston to the Canadas and Western States; and are now selling at their office in Boston, and at their *authorized agencies, pre-paid certificates of passage* as follows:

The following are the rates from the 1st of May:

We will not issue a pre paid certificate for children under 12 years of age, unless accompanied by a passenger over 12 years, who must be paid for at the same time and on the same certificate.

Bedding, and utensils for eating and drinking, must be provided by the passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
CHARIOT OF FAME,	" KNOWLES,
PARLIAMENT,	" SAMPSON,
NORTH AMERICA,	" DUNBAR,
DAN'L WEBSTER,	" HOWARD,
PLYMOUTH ROCK,	" CALDWELL,
SUNBEAM,	" PUTNAM,
LEVI WOODBURY,	" NICKERSON.

These Ships, when in the Line, sail from Boston as per special advertisement and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES:

Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts.
Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng.
Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng.
Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK, Bishop of Boston.

This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning home.

These Ships lie at the Liverpool Packet Pier, Constitution Wharf, Boston, when in port, and persons sending for their friends, can go on board and examine their accommodations.

ZINC PAINTS.

THE NEW JERSEY ZINC Co. are prepared to execute orders for their valuable WHITE ZINC PAINT, which is now acknowledged to be superior to lead in WHITENESS, BRILLIANCY and DURABILITY, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than Lead, using equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

People's Mass State Convention!

AT MADISON, THURSDAY, JULY 13.

☞ ALL MEN opposed to the Repeal of the Missouri Compromise, the Extension of Slavery, and the Rule of the Slave Power, are invited to meet at *Madison, Thursday July 13*, to take such measures as may be deemed necessary to prevent the future encroachments of the Slave Power, to repeal all Compromises in favor of Slavery, and to establish the principle of Freedom as the rule of the State and National Governments. The time has come for the union of all *Free Men* for the sake of Freedom. There is but one alternative. We must unite and be *free*, or *divide* and be *enslaved* by the pretorian bands of the Slaveholders and their Nebraska allies. MANY CITIZENS.

June 9th, 1854.

☞ Papers throughout the State, friendly to the object of the above Call, please copy.

Evening Boat for the South and East.

We learn that this evening, and hereafter, a steamer of Clement's line will leave here for Chicago, soon after the arrival of the cars from the west, enabling travellers to push on their journey without delay. Returning, the steamer, (the *Pacific*) will arrive in the morning, in time for the cars going west.

This arrangement shortens the time between Milwaukee and New York to *two days*, and our eastern mails ought to, and probably will arrive, in part at least, by the morning boat. That portion of them which goes through the process of distribution at the Chicago Post Office, very unnecessarily and slowly, will doubtless remain for the evening boat.

Under the new arrangement, travellers starting from Madison at 2 P. M. of one day, can reach New York city to a late supper on the second evening thereafter. That will do until we get the short route in operation across Michigan.

The Habeas Corpus Case.

The decision of the Hon. A. D. Smith, in the Habeas Corpus case, involving an opinion upon the constitutionality of the Fugitive Slave Law, excites as was to have been anticipated, a very lively interest, within and without our State.—As yet, all the papers which have commented upon this decision, with one single exception, do justice to the ability displayed in the opinion, and give full credit to the Judge for an earnest and unaffected desire to treat the question fairly and fearlessly. The exception is the Milwaukee Morning *News*, which unequal to the task of criticising or refuting the positions laid down by the Judge, resorts to the easier and more congenial process of impugning his motives, aspersing his character and misrepresenting his language and sentiments. The *News* commenced by characterizing the decision as "a bold bid for the U. S. Senate," and followed this up with the intimation that it had been pre-arranged between the Judge on the Bench and the defendant at the bar. In pursuance of the same mode of warfare the *News* of Saturday admits into its columns a ribald and stupid communication, whereof the closing sentence furnishes a fair illustration of the temper, style and substance of the whole production:

Let unborn generations be delighted by the reading of this opinion of Hon. *A. S. Smith*, Associate Judge of the Supreme Court of this sovereign State of Wisconsin.

We do not know that anything better is to be expected from the *News*, or from the side which it advocates, than this elegant extract affords. But it sorely mistakes as well the temper of its own readers, as the intelligence, self respect and State pride of the People of Wisconsin, if it supposes that they can be convinced, by such appeals or arguments, of the error of Judge Smith's opinion, or induced to unite in the crusade which it preaches against that functionary, for daring to question the constitutionality of a Federal enactment and interposing the shield of the State Judiciary between the Federal Officers and their intended victim.

So far as we know or have yet heard, the decision of Judge Smith in this important case gives great and general satisfaction, and even those who differ from him in the conclusions which he has drawn, admit the *force* and relevancy of the arguments he has adduced in support of his views, and the *fairness*, ability and research which characterize the whole opinion.—The question is, we learn, to be carried up by appeal, first to our Supreme Court, and thence to the Supreme Court of the United States. But whether Judge Smith's opinion be sustained, or reversed by those tribunals, he is at least entitled to a fair hearing from the People and to respectful treatment from the Press of our State.

We copy the following paragraphs, in regard to Judge Smith's opinion, from two papers of opposite political opinions, the Kenosha *Telegraph*, Free Soil, and the Kenosha *Democrat*, "regular democratic."

"Judge Smith is a gentleman of eminent ability and candor. We do not know a man who can bring to the investigation of such a question a more dispassionate judgment. We have heretofore thought there was not any force in the objection, respecting a jury trial, but shall wait with great interest the appearance in print of the decision."—*Kenosha Democrat.*

"The decision of Judge Smith, noticed under our telegraphic head, will be observed by all our readers. We believe this is the first decision of the kind ever made, and we hail it as the dawning of a new era. Judge Smith's positions can be incontrovertibly sustained and we are sure when his opinion comes to be seen at length, it will be found he has so sustained them. Ten years hence it will be a matter of astonishment that any other opinion of the law should have been entertained.—*Kenosha Telegraph.*

A New Dodge.—The *News* has hit upon an ingenious scheme to beguile the Irish and German voters of Wisconsin into the support of the slavery-extending Nebraska Bill. It hopes to effect this not by arguments addressed to their reason, but by appeals to their national and religious prejudices. We quote a few paragraphs from its Saturday's leader;

The Irish population, we believe, are generally in favor of the bill. We have no doubt they, as well as the Germans, will be quite unanimous when they learn the fact that the Native American "Know Nothing" organization all over the country are forming, *on the basis of opposition to the Nebraska Bill*, an alliance with the abolitionists and whigs. Their opposition is based, of course, on the ground that the bill admits our German fellow citizens to all the rights of American Citizen-ship. We believe, further, that the Irish and Germans, in common with a large majority of the American people, are predisposed to support the Nebraska Bill *on the ground that so many of the clergy have arrayed themselves as a body against it*. And though no Catholic, we cannot hear refrain from an expression of admiration of the conduct of the Catholic clergy of this country during the exciting scenes through which the country has just passed.

The statement in regard to the "Know Nothing" organization is a shallow falsehood. So far from making "opposition to Nebraska" the basis of that organization, the "Know Nothing" organs all protest against mixing up that question with the issue which they conceive to be the paramount one, to-wit, opposition to foreign influence. But the *News*, in its desperate fortunes, must clutch at some straw, and this is the best that offers. We don't believe that it will succeed in duping a single one of our German or Irish fellow-citizen by so bald an invention.

Columbia College.—The *Wisconsin* of Saturday published an article in reference to some trouble with the Sophomore Class of Columbia College, New York, concluding with the statement that the whole class had been "expelled College." The difficulty in question on Tuesday last, and the "Sopho- College.

The July Convention.—The Janesville *Gazette* publishes a communication from a member of the Free-Soil party, strongly urging a Mass Convention in each County of the State on the 4th of July next, to choose delegates to attend a State Convention at Madison on the 13th July, with a view to organize and give effect to the Anti-Nebraska and Anti-Administration feeling in this State. The *Gazette* thinks the object a good one, and augurs well for the result if the direction of the movement state be placed in the right hands. We think the right hands are those of the People, and hope, therefore, that they will take hold of this matter in earnest. Nebraska is to be the overshadowing issue of the Fall Campaign. Let us, then, prepare to meet it with united ranks, harmonious counsels, and a determined spirit.

The Proposed Convention at Madison.

The Beloit *Journal*, a staunch Whig paper, warmly approves of the proposition to hold a Mass Convention of all the opponents of Nebraska and Slavery extension, at Madison, on the 13th of July next. The *Journal* says:

Such an assembly need not, and we think would not, be composed of fanatics, but of earnest, sane men, who desire to record their disapproval of the reckless, unprecedented course our legislators have taken concerning questions of vital importance to the prosperity and permanence of this Republic. Let there be held at the capital of each of the free States, such a convention as we have indicated, on the same day, and that the 13th of July, the anniversary of the ordinance of '87. The influence of such a unanimous expression of public opinion cannot be estimated. It would convince the Nebrascals that the North was in earnest; a reputation which Northern doughfaces have almost entirely destroyed. We know not how so desirable a result can be brought about so well in any other way. A neglect to pursue such a course at this time, will give our opponents just grounds to doubt the reality of that Northern sentiment in behalf of the principles of freedom which we have so loudly claimed to love and cherish. The opponents of the Nebraska Bill must do something that will make their influence felt, or they will justly be held up before the world as a spectacle fit only for ridicule. Are not these things so? The Northern champions of freedom have been defeated, but not ignominiously; and they may, if they will, save themselves from a disgraceful result.

The time is short, before the 13th of July, but long enough to let the call be spread. If there is a spirit to respond to the call, there is time enough for it to do it. Let the Press do its duty. We have not put our paper in mourning on the passage of the Nebraska Bill, and proclaimed in flaming capitals that "Liberty is assassinated!" because we preferred to wait and see whether the future action of the North would justify such emphatic manifestations of opposition to the principles of the bill. If the North *is* in earnest, they must manifest that earnestness by some positive expression, which will remove from them the charge of hollow pretension.

Shall we have a mass convention at Madison on the 13th of July?

The Boston Surrender.—The New York *Times* remarks as follows relative to the late fugitive case in Boston:

"Placed in the centre of a hundred men, each armed with a cutlass and revolver, and all commanded by the United States Marshal;—surrounded by a thousand troops; hired by the Federal Government, and bearing muskets loaded with balls; followed by cannon charged with grape, and ready to belch destruction upon the unarmed mass of people who gathered around; gazed at with silent sorrow and suppressed indignation by thousands upon thousands of the freemen of Massachusetts, this poor negro was placed on board a steamer in the harbor which engulphed the tea stained by a British tax, and sent back to life-long servitude under the whip of the overseer.

It is probably our duty to rejoice in this result as a triumph of Law and Order. The Constitution has been sustained. The supremacy of the law has been maintained. Some may dream that the Union has been strengthened by this result. They will live to see their mistake. It will take few such victories of Slaveholding avarice and inhumanity, over inherent justice and the public conscience, to plant in the public mind a detestation of the spirit of Slavery, which will sweep the Constitution and the Union from its fiery and destructive track."

The President and the Boston Riot.

The Washington *Union* publishes the telegraphic correspondence between Marshal Freeman and B. F. Hallett, of Boston, and President Pierce, touching the Burns case. The following are the only dispatches of special interest.

WASHINGTON, May 27, 1854.

To Watson Freeman,
U. S. Marshal, Boston, Mass.:
Your conduct approved. The law must be executed.
FRANKLIN PIERCE.

WASHINGTON, May 31, 1854.

To B. Hallett,
U. S. Attorney, Boston, Mass.:
Incur any expense deemed necessary by the Marshal and yourself for city military, or otherwise, to insure the execution of the law.
FRANKLIN PIERCE.

Immigration for May.—The New York *Tribune* states that during the month of May, *fifty-seven thousand five hundred and sixty-six* passengers from foreign countries arrived at New York. Of these 3,937 were citizens of the United States, and 53,629 aliens. There were 22,129 aliens from ports in Great Britain; 18,320 from German ports; 12,846 from French ports; 250 from the West Indies; and 84 from South America.

The number is said to be 10,000 greater than ever arrived before in a single month.

The Feeling in Indiana.—The *Tribune* says Mr. Mace, Representative from Indiana, has returned to Washington, and he brings the cheering intelligence that the Nebraska iniquity is condemned by all parties in that State. At immense meetings held at Lafayette and Indianapolis, Mr. Mace received loud applause, but the groans for Petit were terrific. A State Convention, composed of all parties in the State, convenes in July to take steps to demand and carry repeal. It is believed the Union Repealers are complete, and the State will go overwhelmingly in favor of a restoration of the Missouri Compromise.

☞ The Steamer *Traveller* left on Saturday morning with two hundred and fifty passengers for Chicago. This same boat took to Sheboygan from here nearly 200 on Friday afternoon, and brought from Chicago here about 500 same day, thus nearly 1000 passengers, have travelled on this boat within 24 hours.

The *Pacific* landed upwards of 150 passengers on Saturday morning, from Chicago, and left for Grand Haven.

New Society. The Detroit *Free Press* suggests the organization of an "*Anti-Tight-and-Striped-Star-Spangled-Banner-Pantaloon Society*" immediately, to prevent the further diminution of the manly means of getting over the ground.

Fourth of July in Providence.—The City Council of Providence have voted not to make the usual celebration of the Fourth of July, but to toll the bells one hour at sunrise, noon and sundown, on account of the repeal of the Missouri Compromise, and the recent events in Boston.

Lost.—The Mineral Point *Tribune* says that George Dodge, a youth of 16, grandson of Senator Dodge, was lost from a surveying party in the Northern part of the State, and has, it is feared, perished from starvation. He had been missing seven days.

Emigration.—We have never known as much emigration West as is going on the present season. Our streets are almost constantly filled with mover's wagons on their way west.—*Portage City Republic.*

☞ The Morning *News*, in its pro-slavery zeal, proposes to have Judge Smith "impeached" for having "expressed opinions, off the Bench, adverse to the Constitutionality of the Fugitive Slave Law." We think that the *News* will have an especially good time of it, in conducting this impeachment.

Cars.—We met in town, on Saturday, Mr. Barney, of Dayton, Ohio, who has a large contract for the Lake Shore Railroad. He is to furnish 10 passenger and 100 freight cars for that company, and some for the Racine R. R.

Purchase of Burns.—The Boston papers announce that an agent was to leave that city on Monday, for Richmond, with the money and the authority to effect the purchase and liberation of of the fugitive slave "Toney" or Burns, lately remanded to his master in Virginia.

The Roll of the Dead.

The *Tribune* of Saturday, 3d, contains an entire list of the passengers by the ill-fated *Powhattan*, which ship, it will be recollected, was wrecked on the Coast of New Jersey in April last. The number of passengers and crew were *three hundred and twenty-six*, and not one left alive. Of these, twenty-nine were from Prussia—one hundred and five from Baden—one hundred and eight from Wurtemberg—twenty-one from France—forty-one from Bavaria, and three from Hesse.

The following is a condensed list of the names, and places from which the passengers came, giving the number of each family, of which there were many:

Total 311.

The full list, containing the full names, ages, &c., may be seen at our office. Doubtless it will be of interest to many of our German fellow-citizens.

"Tenter-hook—serious blunder—Seward Abolition—ridiculous contortion—swallow its own words—hair-splitting verbal distinctions—orthographical and logical acumen—story-telling and parables—nonsensical verbiage," &c.—*News.*

All of which, with more of the same sort, is garnished with capitals and italics, in order to help the *News* out of a bad place.

The *News* first charged us with "admitting" that Slavery could not "go to" Nebraska. We denied this, having merely stated our belief that the curse would not exist there "by constitutional enactment." Now it is off, in an agony of hard words, on another tack, and says that we acknowledged that Slavery would "not be tolerated in Nebraska."

Pshaw, neighbor of the News! Take the words which we *did* use, and make out such an argument as you are able to make. Slavery *must* be "tolerated" in Nebraska, since your sort of doughfaces have so provided. It cannot be prohibited by any territorial legislation. But we hope and believe that, when the people come to form their constitution, and apply for admission as a state, they *will*, at length, get rid of it.

☞ A salute was fired at Racine, on Thursday last, in honor of Judge Smith's decision in the habeas corpus case. Whereupon some mean-spirited Doughfaces stealthily seized the cannon and tumbled it into the river. It was recovered the next day, however, and will again wake the echoes to the same tune.

The *Times* makes the *sixteenth* democratic paper that supports the Nebraska Bill in this State. The Sentinel declared, shortly after the introduction of the Bill, that the News was the only paper in the State that supported it. If this was true at the time, the ratio of increase has been wonderfully rapid, and gives promise for the future that the Nebraska sentiment will shortly overwhelm all opposition in Wisconsin.—*Morning News.*

We have no recollection of making the statement above alluded to, but as the *News* is proverbially accurate, it must be so. If we did say so, we supposed it to be true, and if it was true, all we have to say about it is that the "regular democratic" papers have been lashed into the traces much sooner than we anticipated. But however slavish *they* may be, there are not at this time one thousand men in Wisconsin who do not regard the Nebraska Bill as a shameful swindle, and despise its enactors and their abettors.

Nebraska among the People.—The *Jeffersonian*, a democratic paper, refuses to "doughface," in obedience to the signal from Washington, and thus testifies to the popular sentiment on the subject:

The passage of the Nebraska Bill is commented upon with great severity by the press of the State, and among the people the expression of disapprobation is too emphatic to be mistaken. The opinion had been pretty generally entertained that the bill would fail, and its passage was not, therefore, looked for by the people. There is a storm impending, of which politicians will do well to take notice, "and govern themselves accordingly."

☞ The Washington *Union* says that the names of the members of Congress from the North who voted for the Nebraska bill, "deserve to be written in letters of gold." The Louisville *Journal* suggests that, if their names are to be written in gold, the gold for the purpose shall be furnished from the salaries of the offices conferred on them for the purchase of their votes.

Not Abandoned.—The Prairie du Chien *Courier* sees in the fact that the Superintendent of the M. & M. R. R. is expected there to locate the depot grounds, an evidence that the Company has not abandoned that route. It *is* good evidence. We learn from Mr. Brodhead that he will visit Prairie du Chien during this month for the purpose mentioned; that the right of way from Madison to P. du C. is already obtained except in a very few cases, and that the route which will probably be selected will be such as to accommodate both sides of the river, and be very direct and of easy grade, there being one tangent of 32 miles, and others of many miles in length.

RHYMES TO UNCLE BEN.

I am sure that you remember how, one day in last September,
Seven maids from "Buckland" village, with we chosen gentlemen,
Passed the bridge of foaming "Lick Creek," walking for a pleasant picnic,
In the copse that hid th' opening of the cave in Buckland glen.

There was Rosalie and Alice, full of Cupid's lively malice,
Aimed at each one in our party, which the wood nymphs counted ten;
And, not to be invidious, or to raise a sigh "perfidious,"
There were *many* laughing beauties in the cave of Buckland glen.

The shadows of the mountain made more cool the plashing fountain,
Where we sipped the icy bubbles in your camp cup, Cousin Ben—
Whilst our peals of jocund laughter shook fantastic arch and rafter,
Those stalactite petrifactions of the cave of Buckland glen.

As we sung in vocal chorus, every songster that flew o'er us
Lit upon the boughs to listen—bluebird, blackbird, lark, and wren;
And such music sung by Clara, of the "mournful halls of Tara,"
Ne'er before had charmed the echoes in the cave of Buckland glen.

The sunset shades were closing, and all nature thought of dozing,
As thou, our party spokesman, said the time was hastening when,
All but bats and owls were awed by the dewy gnomes abroad;
So reluctantly we bade good-night to dusky cave and glen.

Since that time of merry meeting, with our hearts so careless beating,
Many months of change and trouble have passed o'er the sons of men—
Autumn winds made bare the mountain, wintry frosts subdued the fountain,
And desolation reigned supreme within the Buckland glen.

But our party yet together, in this pleasant summer weather,
Must remember last September with a more than passing ken;
For they know that I and Carrie made a vow that we'd marry
Ere another autumn-day should light the cave of Buckland glen.

Every one of that gay party, with an invitation hearty,
I now summon to my wedding with a wave from Hymen's pen;
Ere September, please remember, we will stir Don Cupid's ember,
On the altar of the village church so close to Buckland's glen.

PORTAGE CITY.

The erroneous idea has obtained, to some extent, that the whole town plat of Portage is covered by the disputed claim and consequently persons who would settle here can not safely invest in business or residence lots. While our neighboring towns and villages have a direct interest in persuading settlers that they can offer superior inducements for locating in their several towns, we cannot expect they will take any pains to correct this impression. Newspapers and individuals are wronging our city in this matter.

The facts are, the handsomest portion of our town site, with room enough to accommodate a city like Cincinnati, is held by clear and indisputable title. The quarter section covered by Veeder's claim was laid out in town lots and settled upon as common property, at the time when the public improvement for connecting Fox and Wisconsin rivers had brought this point into notice as offering superior commercial advantages. But the whole of our river front, and the line and depot of the railroad, are upon lands held by a clear title.

In another particular our city is not properly appreciated. People who have merely paid us a flying visit, get very wrong impressions of the place. The first buildings having been erected in the neighborhood of the canal, while it was in the course of construction, merely with reference to the accommodation of those engaged in the work, present, in the irregularity of their positions, and their situation among sand banks, no very inviting view to the stranger. But streets are now opened, and handsome buildings erected on the table land and bounded by the Wisconsin river on the south, and stretching away to the north and west in beautiful undulations and furnishing the most delightful sites for residences.

Stay one moment, stranger, while you are here, and let us point out to you the prominent features of the place. Here the northern bank of the Wisconsin rises boldly from 70 to 80 feet—grass covered to the very water's edge—and, indeed, we venture that you will not deny that a more charming landscape cannot be found in the State than is here presented to the view. The Wisconsin, with its beautiful wooded islands, sweeps with a strong current around the base of the hills—the valley opposite, several miles in width, is spread with the richest verdure and dotted with brave old oaks, "with their broad green crowns"—the view in that direction being bounded by the Baraboo bluffs and hills, which although from six to twelve miles distant, the intervening atmosphere is so transparent, are so distinctly seen you may count the scattering trees upon their steep sides, and trace the outlines of their rugged front. There at our feet is the ferry, where the river is the narrowest, being about one-sixth of a mile across. And there on the grassy knoll at the opposite landing, stands the old white ferry house, with its cosy look of comfort, under the shadow of those dark green trees; and the old wind mill in the background, with its giant arms held aloft, standing sentry over the quiet homestead; making a picture blending the primitive and the antique.

Now turn, and through an opening between the hills, half a mile from where we stand, catch a glimpse of sparkling water as seen amid the shimmer of the summer leaves. Is it not a thing of beauty under this bright sunny sky? That is Silver Lake—a clear sheet of crystal purity, placed as a mirror in Nature's most inviting bower, wherein her charms are duplicated.

We won't stop now to hook one of the fifteen pound pickerel that lies in its cool depths. You may do that yourself any day when you come to make a longer stay with us. But now turn to the gardens; see what a luxuriant growth of vegetation—how deep the rich shades of the foliage. The soil is a dark sandy loam,—decomposed sandstone, the debris of the floods that once covered this whole country. It is easily worked, quick and productive, giving us all culinary vegetables in the highest perfection.

But for the present we merely wish to give you an inkling of what is hereabout, and not have you go away with the impression that Portage—the future great city of central Wisconsin—is all covered with marsh, sand hills and Veeder's claim.

How a Fellow Brought in the Returns.—In a county near by, an election was held for the office of High Sheriff. Three popular candidates were in the field, and their chances of success were about equal. Never, it is said, did the yeomanry of that county enter more hotly into a political contest than on this occasion. Thousands upon thousands of dollars had been staked upon the result, and this circumstance, perhaps, lent much to the enthusiasm manifested by the people.

On the morning of the election, runners provided with fleet horses were despatched to all the different polls of the county, who were to bring in the returns to the county seat—a hotel which was the headquarters of the three parties.

We will pass the many exciting and amusing occurrences of the day, and recur to the closing scene of the night.

The returns were all in with the exception of one township, and the contest thus far was so close that the disparity between the highest and lowest candidate was less than ten votes. The fate of the three candidates hung upon the result of that one poll. Each candidate had claimed a handsome majority in the remaining township—but as each had been decieved by the votes of the balance, the result in this was in extreme doubt.

In the stillness of the night, the clattering of a horse's feet was faintly heard in the distance.—The shout of "he's coming," gave general notice of the fact. As the messenger neared them—his noble animal flying as it were under whip and spur—they fell back on either side and opened a passage to receive him. In he dashed regardless of human life, and hauling up suddenly under the dim light of a lamp, with watch in hand, he exclaimed—'Five hundred dollars that better time was never made! Ten miles in only twenty minutes! and by a three year colt at that.'

A death like stillness pervaded the crowd as the runner continued to expatiate upon the speed and qualities of his colt—a matter in which none but himself seemed to feel any interest just at that time—the *returns* being the only thing which could interest the crowd at this time juncture. "The *returns*!!" interrupted a voice in the crowd.—"*Thirty eight majority!*" answered the runner.—'For whom?' demanded the same voice in the crowd. 'Gentlemen all I know about it is that some fellow got *thirty eight majority*; but who the deuce it was, I can't tell you; and one thing I know, and that is, that you can just bet your life on this hoss.'

☞ A strange question is soon to be tried in the Boston courts. It seems that Chief Justice Wells while holding a Court in Boston, was annoyed by the noise made by a stone cutter in a neighboring enclosure and sent word to have him desist. The stone cutter refused and the Court had him arrested for contempt. He has now sued the officer for false imprisonment in order to test the power of the Court to issue such orders.

Our Distinguished Corps—A Difficulty.—It is one of the disadvantages of our co-operation with the French troops in the East, that a sense of delicacy compels the British to veil the regimental devices which they earned in the great war in the Peninsula and the Netherlands, lest they should outrage the feelings of their gallant comrades. The Scott's Greys are greater sufferers by their Waterloo distinctions than any other corps, for it has caused them to be kept back altogether. They are literally covered with souvenirs of Waterloo, and must have altered their uniform entirely if they had been sent to the East.—*English paper.*

The Indian War in New Mexico.

At our last advices from New Mexico, Col. Cooke was in pursuit of the Indians, after having defeated them at Ojo Caliente. The Santa Fe *Gazette* brings the following late intelligence;

On the 18th, the command again started, with buoyant hopes and a determined will to succeed. From this point we have heard nothing further.—From the manner in which everything is being conducted, from the disposition of the various troops; from the zeal and activity manifested by both officers and men, and from the known experience and determination of our gallant General, we cannot doubt the issue of a moment, should the troops succeed in bringing them into an engagement.

The long wished for crisis appears to be opening on us in its glory and exciting circumstances; a regular war between the Indians and the United States; and that lesson and chastisement so long merited are about to be given them by a hand that will not spare the rod. It is some time since the Indians have had such an officer to deal with as Gen. Garland, and his prompt decisive action has already stricken consternation and terror into their ranks, and they quail beneath his mandates.

Lieut. Ransom, with his company (D 2nd dragoons,) arrived in our city on Wednesday last, and left the next morning for the seat of war.—He left Fort Fillmore on the 8th inst.

The Gazette, of the 29th, says:

Nothing of importance has reached us yet from Col. Cooke. Nothing decisive has been accomplished, but we have hopes that, ere a great while elapses, news will arrive of the total extinction of the whole tribe of the Jicarrillas and their allies. The Indians are becoming heartily tired of the war. They commenced, thinking they could do as they pleased with the troops, and now would gladly see the war determined, in order again to commence their old practice of levying "black mail" upon our citizens.

The Utahs, Navajotes and Southern Apaches are watching with a good deal of anxiety, the result of the measures put in execution against the Jicarrillas by the energetic and shrewd commander of this department, and we believe it will prove a beneficial lesson to them should the Jicarrillas receive the chastisement intended, for they will find a new order of things has commenced, and the Indians who so recklessly begun this war, and those who aid them, will be glad to sue for that peace which they so thoughtlessly broke. We assure our readers, and we speak advisedly, that no peace will be made with the Jicarrillas until they are chastised to the utmost capability of the commandant of this department, and until faith can be placed in their promises of future good conduct.

An express has just arrived from Col. Cooke—and by the kindness of Gen. Garland, we learn that the Colonel is laid up with the fever and ague at Abiquiu, but has sent out two parties after the Indians and entertains sanguine hopes of success. One party of foot are two make the attack, the other party of horse are to cut off their retreat. The Indians are completely cornered, and success seems certain.

THE NEBRASKA BANK FAILED!

WON'T PAY UP!

There was considerable of a row and fight in front of the Post Office on Monday evening last and several of the parties engaged were quickly transported to the Watch House. The cause of the trouble, as we are informed, was the disappointment occasioned by the non-payment of the *ten* cents an hour to the men, and *three* cts. to the boys, who were humbugged into the ridiculous procession on Saturday evening last, by the government officials in this city. The head quarters of the "Fizzle" was the Post Office, and thither the deluded ones proceeded for their pay—the mean whisky to which they were treated on Saturday evening not satisfying their love of glory. The Post Master had left for Rock Island, his pockets filled with the *Tribune* of Monday morning to scatter along the route. Enraged at not getting their pay, the deluded victims of the procession could not be pacified, and swore "by the holy St. Patrick" that they would rob the Post Office, if they did not receive "every divil of a cient" due them. The Post Master's friends endeavored to pacify them, but they were not to be put off in such a way, and the shillelahs began to make music in the crowd, when, finding all persuasions at an end, and fearing to have the Post Office robbed, the Police were called to quell the disturbance. After arresting two or three of the ringleaders, the crowd dispersed, determined to wreak their vengeance on Ike's head as soon as he returns home. Thus endeth the second scene in the farce.—*Chicago Tribune.*

Democratic Party in New York.—Both the Hards and the Softs in New York have coalesced against the administration in consequence of the late Nebraska bill, and the State which gave Mr. Pierce 36 democratic votes by a union of the party there, has now by a similar union denounced him as having violated the platform of 1852. The anties here have been in the habit of fashioning their opinion after those of the national democrats, of New York, but what will they say now to the address of that party, which but a few months since, flung to the breeze the banner of "National Democracy." We subjoin below an extract from the appeal of the Hards, as a mirror for the antics to dress themselves by. Let every one read it, and as he reads reflect that New York with her 36 democratic votes is to be ostracised from the democratic party at the bidding of a few corrupt politicians at Washington.—*St. Louis Dem.*

Accident to the G. & C. R. R.—The Elgin accommodation train which left this city last evening, when near Wheeler's Crossing, ran over several cattle, throwing the engine, tender, and four cars off the track, several rods of which was torn up, and instantly killing Adam Cabe, the fireman.—*Chicago Journal.*

☞ We notice the sale of a house and lot on Broad Street, a desirable residence, by Chester Clark, Esq., for $2,800. It was purchased by Mr. Parsons, recently returned from Australia.—*Beloit Journal.*

Mormon Emigration.—A letter from Kansas to the Osceola *Independent* states that the advance guard of the Mormon emigration over the plains this season, is encamped near that town. This body numbers 1,600 persons; they are cheifly Danes, Swedes, Norwegians, Welsh and English.

BOSTON, June 7.

The result of the examination of the parties arrested at the riot in the slave case is as follows:

Bishop, Still, Jackson and Morrison are fully committed, without bail, for the murder of Bachelder. Wesley and Phoenix were held to bail in $3,000 each.

The Mother's Influence.

"Just as the twig is bent
The tree's inclined."

In an appendix to the reported trial of the murderer Ward, appears an affidavit made by Prof. Sturges, which opens another trait in the character of the mother of these notorious "chips of the old block." It seems that Prof. S. in the discharge of his duty as Teacher, once had occasion to whip the same young scamp whose lie brought Butler to his grave. Mrs. Ward, on that occasion sent for Prof. S. and "demanded what he meant by treating *a Ward* in that manner."—*Cleveland Herald.*

Lumber Shipments.—The huge piles of lumber and shingles that have been heaped upon our docks on both sides of the river are now rapidly disappearing. Every steamboat and vessel that arrives in our port, takes away a heavy load. Last Monday two steamers and five large schooners lay at our different wharves, unloading or loading preparatory to their departure. All the mills in this vicinity are worked to their utmost capacity, and yet our dealers find it impossible to fill the orders they are constantly receiving from abroad. The lumber business has never been in a more flourishing state than now; and never before has there been a time when its future prospects were more encouraging, for notwithstanding the immensely increased quantities now being made, so far there has been no fall in the price.—*Greenbay Advocate*

☞ Mr. Guthrie, Secretary of the Treasury, is said to have announced to the clerks in his department, that he will remove any one who shall vote the Know-Nothing ticket at the Washington City election.—*Exchange.*

☞ Hon. Gerrit Smith writes to his friends that he will resign his seat in congress at the end of the present session, on account of his health, and the large claims of his private buisness upon his attention.

East Water Street—Meeting of Owners.

We are requested by the committee appointed at the last meeting of the owners of lots upon East Water Street, below Wisconsin Street, to call another meeting *for this evening*, at 8 o'clock at the Common Council Room, to consult in reference to the work of paving the Street, and devise means for getting the job done speedily and reasonably, *by paying the cash* as it proceeds. Persons who are desirous of doing the work are invited to attended.

POLICE COURT, JUNE 10th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A warrant for assault and battery, was issued against Michael Tylo alias—on complaint of John Booz.

Real Estate Sale.—Caleb Wall's sale of lots and lands in and about the city is to be continued this morning, and if the weather should not be such as to give everybody the blues, some spirited competition for valuable lots may be expected.

Arrived.—The schooner *D. O. Dickinson*, arrived on Saturday from the lower lakes, with a large cargo of lumber and merchandize, accomplishing her first trip around.

Railroad Iron.—The schooner *L. B. Crocker*, arrived from Oswego on Saturday bringing 1350 bars railroad iron for the Lake Shore R. R.

Blackwood for May.—We are indebted to Leonard Scott & Co, 79 Fulton St., New York, for a copy of their American edition of this favorite British Periodical. Among the leading articles are "Ancient and Modern Fortresses;" "The Quiet Heart" concluded; "London to West Prussia;" "The National Life of China;" "The progress and policy of Asia in Central Russia;" and an eloquent obituary of *Professor Wilson*, for so many years *Maga's* chief support and brightest ornament, Blackwood is furnished to subscribers by Leonard Scott & Co. for 3,00 a year and with any one of the Quarterlies for $5,00.

The London Quarterly.—The April number of the London Quarterly published by Leonard Scott & Co, N. Y., contains the following articles: 1. Sterne; 2. Sacred Geography; 3. Lord Holland's Memories of the Whig party; 4, The Russian Empire; 5. Criminal Law Digest; 6. Treasures of Art in Great Britain; 7 The Turks and the Greeks; 8. The Reform Bill. Terms, $3 per year; or for two of the reviews $5; for all four $8,00; and, Blackwood included, $10. Published by Leonard Scott, & Co., 79 Fulton St. N. Y.

Common Council.—A special meeting of the Council was held on Saturday evening, at which a plan and specifications was reported and adopted for the construction of a new bridge across the Menomonee River, the same to be advertized till 28th of June at noon. Also to advertize for proposals to dredge the middle bank of the river from the government piers to Cherry Street Bridge.—They further determined to dock the ends of the streets,—but did nothing whatever towards organizing a Board of Health, or cleaning the City.—An efficient and useful set of City Fathers they are!

Doing Business Right.—The city Marshal collected from Friday morning, to Saturday night thirty liquor licences, of seven dollars and fifty cents each, amounting to $232,50. The Marshal starts at 4 A. M., to catch them at home, and thus saves trouble; not a law suit has yet been commenced, and he is of the opinion that none will be needed.

The Steamer Fashion, &c.—The steamer *Fashion*, which went ashore a few miles north of Chicago in the late gale, is said to have had on board a considerable quantity of leather, from Two Rivers, for the Wisconsin Leather Co., of this city, which must be nearly a total loss.

Capt. Butlin, of the *Arctic*, reported in Chicago that he had seen a propeller ashore near Oak Creek. The *Rossiter*, from Sheboygan to Chicago with Railroad ties, is missing, and the vessel ashore is supposed to be her.

☞ We notice that our neighbors two stories below, Messrs. Ludington & Gridley, are agents for Minor & Orton's celebrated Peekskill Plough, which took the premium at the N. Y. State Fair; and at the World's Fair in London.

A Valuable Red Bird.—The Red Bird Saloon was sold on Friday night, by the former proprietors to Mr. J. Brickley for $1000 cash, the latter person took possession on Saturday morning, and will be glad to see all the old friends and customers.

☞ The steamer *Arctic*, Captain Butlin, arrived from Chicago on Saturday afternoon with 327 passengers and a large load of freight, among the latter were fifteen horses, one of them from Long Island and a fast one, the winner of stakes there.

Arrest of a Horse Thief and Good Reward.—A notice was received by Sheriff Page, late on Friday night, that three horses had been stolen from Ogle County, Illinois, and offering a hundred dollars for the arrest of the thief. On Saturday about noon, he was arrested by Sheriff Page, and taken to jail. On searching him, a pistol was found in his shirt bosom, well charged, and a quantity of matches, &c; also a number of ecipes for dyeing horses. He gives his name as Andrew Bomgarden, and is said to be an old horse thief. The Sheriff will receive $100 for his trouble. The envelope of the newspaper containing the notice was addressed "To any Horse-Thief Catcher, Milwaky, Wisc," and reached one.

"Cannon for the Militia.—We noticed on Saturday at Nichols and Britt's warehouse, two brass cannon, six-pounders, we believe, for Wm A. Barstow, Esq., to the care of Brown & Larkin. The "*balance*" of the guns were on the wharf consisting of carriages, ammunition, boxes, &c. It is said that one is for the *German Rifle Company*, and the other for the "*City Guards*" of this city.

For Buffalo.—The staunch steamer *Globe*, Capt. Pratt, leaves here for Buffalo, from the South Pier, *this* evening. She offers good accommodations for passengers and makes the trip in four days. Hard & Griffin, corner of Huron & Main streets, are the agents.

Cuba.—The *News* affects to think that the *Sentinel* is guilty of grievous inconsistency in expressing the hope that Cuba will become ours "by friendly negotiation and fair purchase—not by *force*;" and at the same time deprecating the idea of our paying "a hundred millions or so for another Slave State." We despair of making the point clear to minds as obtuse as those of the *News*; but the People of the North, very generally, we fancy, share in the "inconsistency" which so troubles the Slavery propagandists. While not averse to the acquisition of Cuba by fair means they are utterly opposed to paying for it as a *Slave State*. In other words, if it comes at all, it must come *Free!*

Milwaukee & Watertown R. R.—At the depot of the M. & M. R. R. on Saturday afternoon, the new locomotive *Luther A. Cole* stood harnessed to several new platform cars, loaded with rails, ready to be taken out to be laid down on the track. The tender and the freight cars were labled "M. & W. R. R." making the long desired Watertown railroad a reality.

We see that there is quite a unanimous feeling in regard to holding a State Convention at Madison, on the 13th of July, the anniversary of the passage of the North West Ordinance of Freedom to take such action as is demanded of Freemen, in view of the aggressions of Despotism, on the Free Domain of the Nation. We think such a Convention should be held, and hope to see the positive call issued ere long. All that is wanted now, is for the call to be published, and it will be responded to with a will.—*Fond du Lac Freeman.*

Old School Presbyterian General Assembly.—One of our Buffalo exchanges, (we are unable to remember which one) gives the following interesting facts relative to the Assembly which has recently held its session in that city;

It held its first meeting in Philadelphia in 1789, when Dr. John Witherspoon, one of the signers of the Declaration of Independence, preached the opening sermon, and Dr. John Rodgers of New York, presided as its first Moderator. The Presbyterian Church at that time had about 185 ministers, 4 Synods and 17 Presbyteries. We learn from the published minutes that there are now in connection with this branch of the Presbyterian church 28 Synods, 143 Presbyteries, 2,879 churches, 2,130 ministers, 595 licentiates and candidates, and 219,263 communicants. These 143 Presbyteries cover the entire territory of the United States except a portion of New England. Two of these Presbyteries are in the Indian territory, and 3 in Northern India, scattered over the vast plain of the Upper Ganges.

The General Assembly is formed by an equal delegation of ministers and elders from each Presbytery—every Presbytery consisting of not more than 24 ministers is entitled to send one minister and one elder. Those which have more than 24 send two ministers and two elders. Besides these commissioners there are also in attendance delegates from corresponding bodies in this country and in Europe. This body is the highest judicatory of the Presbyterian church. It is the bond of union over the whole; the source of general counsel and advice, and the ultimate tribunal in all cases of difficulty which may occur in the inferior courts. It has under its supervision a Board of Home Missions, with 515 missionaries laboring chiefly in the South and West; a Board of Foreign Missions, having stations among the Indian tribes in Africa, India, Siam and China; a Board of Education with 102 schools, 46 Presbyteral academies and 13 Synodical Colleges, and a Board of Publication, distributing by sale and colportage religious books and tracts. Each of these Boards renders its report to the Assembly, and has its anniversary meeting during its sessions. The Assembly has also under its care four Theological Seminaries; those at Princeton, Allegheny City, Prince Edward, Va., and Danville, Ky.

Mining in the West.

A correspondent of the Chicago *Press* gives the following facts relative to the progress of the mining business in the western part of our State. The fruits of all these enterprises will be gained, by our city, by the connection with the S. W. Railroad. Speed the day for its completion;

Within the year past, the Mines of this section have attracted the attention of eastern capitalists, and now large amounts of money are being invested in mining lands and machinery. The *American Mining Company* New York, F. E. Phelps *Pres.*, is the first in order. The agents of this company commenced operations about twelve miles from Galena, on a well known and productive range near Fairplay, Wis. They have set up an engine of sufficient power to drive their pumps; have erected the necessary buildings, &c. at an expense of about $30,000 and are now working successfully. This company has leased 800 acres, within eight miles of this city, upon which a second engine will be put up during the coming summer.

The Mississippi Mining and Manufacturing Company, a New York corporation, also, has begun work at Shullsburgh, Wis., 18 miles from this point. The engine of this company is now in working order, and the prospect of success is highly flattering.

A third company, the title of which we do not know, has made a purchase of other ground near Shullsburgh—rumor says the price paid is $110,000. Upon which work will be immediately commenced.

Washburne & Woodman, of Mineral Point, Wis., are organizing a company under an act of incorporation granted by the Wisconsin legislature. They have leased a mile square at Dodgeville, 40 miles from Galena; and their machinery is daily expected. They have secured ground known to be as valuable as any in the mines, and can hardly fail to derive a large profit from their investment.

New York, June 8.

News has arrived that the castle of Gustafshaven, south of Hango and at the entrance of the Gulf of Finland has been destroyed, and that 1,500 Russians had also been taken prisoners.

The 21st Fusileers have received orders to hold themselves in readiness for immediate active service and embark on the 29th inst., or thereabouts. 20 sergeants and 40 corporals are to be immediately appointed.

A despatch from Marseilles states that arrangements have been made at Constantinople for embarking the whole English army in 24 hours.

A despatch from Warsaw, dated May 24th, says that a corps of grenadiers was daily expected there. It would be under the command of Radigthe, and be stationed on the south of the town, on the bay Newew and Weischel, in order to be able to operate either against Austria or Prussia.

Exchange at St. Petersburgh and Odessa is higher. A case which has just transpired seems to indicate that specie payment in Russia is wholly suspended. A certain amount of bills payable at St. Petersburgh, was remitted from London a short time back, to an eminent house in that city, with instructions that they should forward the proceeds to Odessa, but it appears that they refused to do so, and would send nothing but paper.

From the Baltic fleet, May 16th.—On the P. M. of the 15th the weather being clear and sunny the squadron got under weigh and left Elfsnaben harbor.

The Euryalus and Driver rejoined the fleet on the 16th from detached service on the same day.

The Duke of Wellington went ahead of the squadron and went in down-right earnest to practice her crew in general quarters. It was a glorious sight to observe the terriffic broadsides that burst from her sides.

News from Copenhagen and Stockholm informs us that vast numbers of Fins are quitting Finland, and seeking refuge in Sweden, in consequence of the reign of terror established in their own country.

Armed bands of soldiers burst into their houses at all hours of the day and night, and compel them to enter the military service.—Fathers and sons are suddenly hurried away from their families to swell the armies of the emperor, and to fight his unjust battles.

Those people have ever been a race discontented with Russia, and would only be happy to avail themselves of any force disembarking on their shores against their exacting rulers.

We are looking forward anxiously for the commencement of operations.

Local Immigration.—The steamer *Fashion* last Monday, landed on our docks some sixty immigrants from Belgium who immediately proceeded up Fox river as far as Kaukuna, and there made their permanent settlement. As we saw them for a moment on our docks, they appeared to be an intelligent, active, and industrious class of people, and will doubtless make good citizens.—*Green Bay Advocate.*

Washington, June 6.

Lord Elgin left town this morning. Mr. Hincks having preceded him. It is understood that a *projet* has been drawn up subject to the approval of the Provincial authorities on the one hand, and the Senate of coures, on the other, by which the fishery and reciprocity questions are settled.—England has got pretty much all she demanded, except the provision providing that colonial built vessels shall be entitled to American registers.—It remains to be seen whether the Senate will confirm so one sided a treaty. The general impression is that it will be cut up even more than the Gadsden convention was.

There is a rumor here that Mr. Marcy and Mr. Buchanan are about changing places.

Scalded to Death.—A little girl, about 3 years old, daughter of Mr. Bryant, of the 4th Ward was scalded so badly, day before yesterday, that she died yesterday morning at 3 o'clock.—*Free Democrat Saturday.*

Kingston, N. Y., June 6.

The first election under the new charter held in this village to-day, and the ticket supported by the Know Nothings was elected by a large majority.

If Know Nothings are to be proscribed and turned out of office by the present Administration, its departments will undergo a general change, and for ought we know for the better. Let the work go on.—*Buffalo Express.*

Bank Bill.—The New York Courier & Enquirer says, the fearfully increasing circulation of counterfeit and altered bank notes, one of the most alarming and annoying evils of the present day, has induced the associated Banks of New England to offer a reward for any method that will prevent the alteration of bills. Before this reward was offered, two skillful and ingenious artists had conceived a new plan for making bank notes, and had commenced engraving a specimen. This specimen they hope to be able to submit to all interested before the close of the present year, with the confident belief that bills made by this new method CANNOT BE COUNTERFEITED NOR ALTERED.

THE DAILY SENTINEL.

Decisive Action of the Austrian Government.

From the London Times.

Although considerable uncertainty prevails as to the nature and extent of the last successes of the Turkish armies, dispatches have been received at Vienna from the head-quarters of Omar Pasha, giving a favorable account of the recent operations of his forces on more than one point of his position. The Russian corps, which was known to have been collected at Turna, near the mouth of the [illegible], is stated to have been repulsed [illegible] with a loss of 1,500 men, by the Turks [illegible] at Nicopolis under Sali Pasha. [illegible] the 2nd of May another Russian [illegible] beaten at Radova, not far from Krajova. There is every reason to believe these reports to be accurate and authentic, but we can offer no remarks on the nature and consequences of these military operations without a fuller knowledge of the circumstances under which they have taken place.

Happily, no such ambiguity prevails as to the important, and all but decisive measure, taken by the Austrian Government, and announced by an Imperial order in the Vienna *Gazette*. The Emperor of Austria has resolved to call out 95,000 additional troops for the safety of his dominions, and considering the great exertions which have already been made to place the military establishments of the Empire on an efficient war footing, no stronger proof could be given of the growing conviction of the Cabinet of Vienna, that the time for negotiation is rapidly passing away, and that the best chance for terminating the war, lies in a prompt and vigorous course of action.

Within the last few weeks every day has drawn the Austrian Government nearer to the policy which is resolutely but temperately pursued by the Western Powers, and the equivocal conduct of the King of Prussia, far from shaking the decision of the Emperor Francis Joseph, appears to have inspired him with the determination to act a nobler and a bolder part than a Sovereign who has become the opprobrium of the nation he affects to govern. In addition to the forces already assembled on the southeastern frontiers of Hungary, Transylvania, and Croatia, which would immediately enter the Ottoman territory on the occurrence of the threatened disturbance in Montenegro, a *corps d'armee* is now being formed in Moravia and Gallicia to protect the important military road north of the Carpathians, by which the Russians would advance if Austria were attacked.

A Russian division on its way to Brunn must pass by Austerlitz, and we entertain no doubt that the Austrian army, which might speedily be assembled for the protection of that line of operations and the fortress of Olmutz, would repeat if necessary, the lesson which the temerity of Russia received on that spot in 1805. It it be true that further and recent communications have been addressed to Russia by the Cabinet of Vienna, they can only be in the nature of that summons to evacuate the Principalities which was addressed to the Czar more than two months ago by France and England, with the approval of Austria. Such a summons is a mere formality in the present posture of affairs, for, after the defeats which the Russian troops have undergone, and their entire failure to justify the opinion which had long been entertained of them, the military reputation of the army is too deeply compromised for the Emperor Nicholas to withdraw it without an attempt to retrieve its credit.

With a view to the termination of this distressing war by the means which will most effectually disable the Czar from carrying it on, we shall cordially rejoice to find that the Austrian Government has at length resolved upon measures which must soon assume a decisive character.—That course is pre-eminently recommended by the honor and the true interests of Austria. It will restore her to the independent position she ought ever to fill in Europe, and it will strengthen her connection with the western powers, and more especially with this country, which has ever found in the alliance of Austria the most constant and persevering resistance to aggression, and one of the firmest barriers of the peace and stability of Europe.

Portage City.—Notwithstanding the "Veeder claim", the *Republic* reports Portage City all right and going ahead, in common with the rest of our State, at a promising rate of progress. The *Republic* says:

"Our city never looked more prosperous and business-like, than it has for the past week or ten days. The streets are full of teams from day to day, from the adjoining towns, some even come a distance of 60 to 75 miles on purpose to trade with our merchants, who are known to sell goods at as low, or at more reasonable rates than any other city or town in the state, west of Milwaukee.

Our Hotels are full of strangers from all parts of the globe, who are looking at our city with an [illegible] eye, and with a full determination to settle with us for they have seen no such *three-year old* in any State.

There is a rumor circulating to some extent, that there is no land at Portage, except what is covered by the "Veeder claim!" This is far from being true.—For Webb & Bronson, have several hundred lots for sale; the Whitney estate have a number for sale; McFarlane, Armstrong and Dunn have any quantity of lots which are handsomely located for business purposes or residences, and where eventually the heart of the city will be. And last, but not least, is the quarter section, next west of Veeder's claim, which comprises about *seven hundred city lots*, owned jointly by Andrew Dunn, H. S. Haskell and H. W. Tenney. Haskell and Tenney purchased their interests in the above property last week. There is no handsomer location for dwellings out of doors than this tract of land contains. Citizens or strangers, can purchase lots of this company and build themselves a home and be perfectly easy, knowing that they have a "clear and unquestionable title."

New York Railroads.

There is no better source for information as to the extent, business, money influence and power of the Railroad interest of this State, than the able report of the State Engineer and Surveyor for 1853, which was submitted to the Legislature in February last. From that document, it appears that the length of all the Railroads in operation in the State is two thousand four hundred and thirty two miles. The number of locomotives in use is 556; the number of passenger cars 834; the number of baggage and freight cars 6,895. The whole number of miles run by passenger trains is about 5,594,693—by freight trains 4,227,807—making an aggregate of 10,822,770 miles. The whole number of miles travelled by passengers is put down at 531,572,298.

Twenty Railroad Corporations have made full reports, from which the following statements appear:

The length of Railroads 2,103 miles.
The Capital stock, as per Charter........$54,748,800 00
" " " Subscribed........[illegible]
" " " Paid in........47,480,865 04
The amount of funded debt is........43,346,761 27
" " " floating debt........7,111,590 63
The amount expended in construction and equipment, including grading and superstructure, during the year........95,466,243 89

Of this latter item, $19,130,411 44 was expended during the past year. This shows something of the extent of the Railroad enterprise of the State. The enlargement of the Erie and the completion of the other Canals in the hands of the State Government, involving an expenditure of some $10,500,000, is considered a stupendous work, necessarily requiring some four years for its accomplishment, while here in the hands of individual corporations is an expenditure of nearly double that sum in a single year.—*Buffalo Express.*

The Long Island Murder.

This horrid affair has caused an intense excitement in New York, where the victims were well known. The New York *Times* says,

James Wickham, Esq., formerly of the firm of Wickham & Corwin, and long a resident in this city, was married but two or three years since to Miss Frances Post, of Quogue, Long Island, and soon after bought the spacious mansion house in Cutchogue, known as the property formerly of Joseph Albertson, Esq.

Mr. and Mrs. W. were both highly esteemed wherever known, and enjoyed in this city a large circle of friends. Mr. W.'s father, mother, brothers and sisters reside within a mile of the scene of this bloody murder.—One brother, whose farm lies on the North side, is reputed the largest farmer in Suffolk Co. It was an uncle of the murdered man, a Virginia lawyer, who took an honorable part in the trial of Aaron Burr for treason.

The murderer, Nathan Bain, had been discharged from the service of Mr. W. and for vengeance murdered his employer, and his wife, and a colored servant boy, in their beds. He was found concealed in a swamp, where he had attempted to cut his throat. Two servant girls in the house at the time of the murder made their escape. One of them is now said to be in a state bordering in insanity. Bain has confessed his guilt.

The Country.—We passed through portions of the Town of Sheboygan Falls, Lima, Lyndon on Tuesday and Wednesday last and noticed a very rapid improvement in those towns. All the water-powers are being improved by the erection of saw and grist mills, many new farms are being brought under cultivation, and all the crops including grain and grass have never presented a more flattering appearance. As a necessary consequence all the farmers whom we chanced to meet wore an aspect of cheerfulness and contentment.—*Sheboygan Secretary.*

Wheat Crop.—From all parts of the state we hear encouraging reports of the wheat crop. In this county it never looked better out this season of the year.—*Fond du Lac Union.*

A Query For the Boston Post.— To the editors of the N. Y. Post; Would it not be well to suggest to the editors of the Boston Post, the propriety of changing the descriptive name of their city from the "Athens of America" to the "City of the Seizers?"

ONE OF THE MOST DESIRABLE FARMS In the State of Wisconsin.

IT CONTAINS one hundred and forty-six acres, is well watered, rich fertile soil, provided with timber and meadow land, and is under a good state of cultivation. It is situated between two of the main thoroughfares leading out of Madison (the County Seat of Dane County, and the Capital of the State of Wisconsin) one and a half miles from the State House, and one half mile from the State University. The location is on an elevated plain, giving an excellent view of the Town, "Third" and "Fourth Lake" and the high rolling Prairie, fifteen to twenty miles distant, making it one of the most desirable country seats in the whole Western States. Its proximity to the Capital will make it a convenient residence for one doing business in the city or to use for agricultural purposes alone, and for an investment will result in great pecuniary advantage.—The farm is known in and about Madison as the "Gurum Farm." A large part of the purchase money may remain on Bond and Mortgage for a term of years. Any enquiries by mail respecting the above farm will be promptly answered. my1d&wtf LEONARD J. FARWELL.

NEW YORK;
Its Upper Ten and Lower Million.
BY GEORGE LIPPARD.

Author of "Washington and his Generals," "Jesus and the Poor," "Nazarine," &c.

THIS is the best work ever written by Lippard; one continued scene of excitement from the commencement to the end. Those who have read Dumas' Count De Monte Christo, or the Wandering Jew, we are under the impression, will find this the most interesting work that has issued from the press for some time.—*Enquirer.*

George Lippard's Great Work—*New York; Its Upper Ten and Lower Million.*—Novel readers will be perfectly delighted with this work. The incidents delineated in this work are of the most interesting character. We should not be surprised if the demand for it should exceed that of "Uncle Tom's Cabin."—*Times.*

New York; Its Upper Ten and Lower Million.—A new work, by the gifted son of genius, George Lippard.—We have read it. It is a novel of most thrilling interest—such an one as having been commenced, you will sit up all night to finish. It is a book we would like everybody to read. It is the work of genius, and the emanation of a heart keenly alive to the wrongs and outrages, the "superstition of gold" imposes upon nine tenths of the human race.—*Cleveland Plaindealer.*

☞ The best evidence that can be adduced in favor of the efficaciousness of Hoofland's German Bitters, prepared by Dr. C. M. PATENT MEDICINES.

Mexican Mustang Liniment.

Durhamville, N. Y., December 12, 1851.

Messrs. Bragg & Co.:—

Gents:—Although a stranger to you, I am not to your most valuable medicine called Mexican Mustang Liniment. One year ago, I became afflicted with an enlargement of my knee joint; also a weakness which disabled me almost from using my limbs at all. I called on a physician in Syracuse—(the name could be given)—he examined it and told me to bathe it with warm water, and rub it two or three times a day, and it might go off without much trouble; if not, to call again. Some weeks passed, and it grew no better. I then called on another doctor at Oneida Depot; he told me nothing would help it but blistering and lancing. I could not consent to this, and called on Drs. C. & T.; they gave me a mixture of indigo, calomel, &c. I tried this and it did no good. I then used five or six dollars worth of a liniment that had been recommended to me. All of those medicines I have been using for the last ten months, thorough, and according to directions, without the least possible good resulting from it. I then obtained some of your Mexican Mustang Liniment; the first bottle, a 25 cent size, I perceived straightened my joint. I am now using my fourth bottle, and my knee is nearly well. Yours, in haste,
HIRAM FIELD.

Huntsville, N. C., November 28, 1853.

Messrs. A. G. Bragg & Co.: Gentlemen—Having been afflicted with the rheumatic pains for the last four years, and happening to meet with your advertisement in the papers, I came to the determination to give it a trial, as I had tried nearly every popular remedy without effect. I am now happy to say to you, that the Mexican Mustang Liniment has entirely cured me. I applied three fifty-cent bottles on my limbs, and am now as free from pain as I ever was in my life. My case was so strange to the people in this section, my friends are perfectly astonished at the effects of the Liniment. You are at liberty to make this public if you desire to do so.
With much respect, SAMUEL A. DAVIS.

Lumbago, Salt Rheum, Tetter, Eruptions, Ringworms and Piles, are cured in a very short time by applying the Mustang Liniment according to directions given with the bottles.

Broken and Caked Breasts, Sore Nipples, Piles, Eruptions, and Corns on the feet, are easily cured by a thorough application of the Mustang Liniment for those complaints.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.
One to two 50 cent bottles will cure the Salt Rheum,
One 25 cent bottle will cure the Caked Breast.
One small bottle is a certain cure for Sore Nipples.
One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.
One to two small bottles will cure the Neuralgia.
One bottle, 50 cent size, will cure the severest Burn or Scald.
One dollar bottle will cure the Spinal Disease.
One small bottle will cure the Piles in any stage of the disease.
One to two 50 cent bottles will cure the Scrofula, in any case.

CURE OF SALT RHEUM
OF TEN YEARS STANDING.

A lady residing near Lynn, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

PRICES.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

To Those Who Use Spirituous Liquors Either as a Beverage or Medicine!

WOLFE'S
Schiedam Aromatic Schnapps.

THE ABOVE NAMED PREPARATION has become extensively known throughout the length and breadth of the United States and is universally admitted to be the most delightful, healthful, invigorating, and pure preparation of the juniper berry, that science and a long practice in the distillation and preparation of pure liquors have ever succeeded in producing.

A long-established manufacturer and importer of liquors of every description, the undersigned devoted himself to the production of an article of pure gin, which should prove a valuable agent in the cure of the manifold diseases which afflict the human race, and for which Holland gin has been prescribed by the medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam, Holland, from which place the purest gin has long been imported, and he was enabled to give to the world his Schnapps, which, for purity and entire freedom from the pernicious fusel oil and all other noxious ingredients, and delightful aromatic flavor, has never been equalled, and cannot be excelled.

In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the unsuspecting community, and, like the wolf in sheep's clothing, prey upon their very vitals, he resorted to the expedient of importing and selling his Schnapps only in pint and quart bottles.

These bottles are of glass, stamped with the name of the manufacturer; are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.

Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with vile common gin, which is the most pernicious poison with which a community was ever cursed, and sends thousands to a wretched drunkard's grave yearly.

It is only necessary, therefore, for those who purchase the article by retail, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary.

The Schnapps have been introduced but about two years but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, so fast are orders pouring in from every State and Territory in the Union, from Maine to Oregon and California.

Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professional chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in that laboratories.

Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, harmless, and pleasant beverage. These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.

Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.

The New York Medical Gazette and Journal of Health, high authority, has repeatedly proclaimed its excellency. In the July number of that journal, Dr. Reese, its accomplished editor, has publicly invited a discussion upon the subject of the use of alcoholic mixtures, medicinally, in his widely circulating columns, and the views of the medical faculty in reference to my Schnapps in particular, giving an assurance that they should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.

Were it necessary to do more than simply state this fact, which he who runs may read, this advertisement could be increased to an indefinite length by the publication of these authorities, all on file at the ware-rooms of the proprietor, in New York.

It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulus, which cannot be otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest fear of the baneful, mournful, and horrible consequences of intoxication—that vice which desolates the social hearth, entails misery upon countless thousands, fills our hospitals, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.

In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:

"A monster of such hideous mien,
That to be hated, needs but to be seen"

Were Wolfe's Schiedam Aromatic Schnapps to be drank in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other learned, eloquent,—and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to suppress intoxication.

As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its concomitant evils must exist. We may well exclaim with Cassio—

"Oh, that a man will put an enemy into his mouth
To steal away his brains."

In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce great disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps, the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proved by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the juniper berry or Holland gin.

The public are again reminded that Wolfe's Aromatic Schiedam Schnapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers, with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my medicinal beverage. All others are counterfeit.

COOK STOVE,

I have sold the B. J. for the past three years. It has been thoroughly tested by thousands who will testify that it is the most complete Cook Store that can be. I have four sizes of B. J. There is a summer attachment to the stove which will make half difference less of the amount of fuel used in the Summer season and does away with all unnecessary heat which other stoves make that have not the attachment. The oven is much larger than any other stove of the same size furniture. I warrant the stove to give complete satisfaction, if not, to be returned and money refunded. I will refer you to hundreds of the citizens of Milwaukee that are using the Stove.

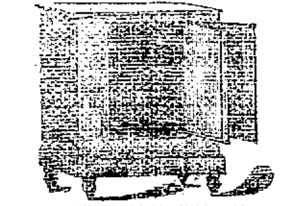
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.
ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 16th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

PATENT MEDICINES.

CHERRY PECTORAL,

For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. S. Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.
Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.
Yours very respectfully,
D. A. McCULLEN, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.—I invariably recommend it for pulmonary affections, as do many of our principal physicians.
I am your friend,

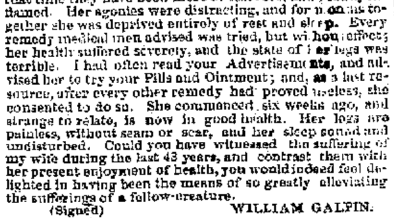
HERE IS YOUR REMEDY!
HOLLOWAY'S OINTMENT.



A MOST MIRACULOUS CURE OF BAD LEGS, AFTER FORTY-THREE YEARS SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70 St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the suffering of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature.
(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31st, 1851.

To Professor HOLLOWAY,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.
(Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13 Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Pennhurst, Kent, dated December 13th, 1850.

To Professor HOLLOWAY,

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends. (Signed) FREDERICK TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chiego-foot	Fistulas	Sore-throat
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped hands	Glandular swellings	Scurvy
Bunions	Corns (Soft)		Sore heads
Bite of Moscheoes and Sand Flies	Cancers	Lumbago	Tumours
	Contracted and Stiff joints	Piles	Ulcers
		Rheumatism	Wounds
Coco-bay	Elephantiasis	Scalds	Yaws
		Sore nipples.	

Sold at the establishment of Professor Holloway, 244, Strand, (near Temple Bar, London,) and by all respectable Druggists and Dealers in Medicines throughout the British Empire, and of those of the United States, in Pots at 37½c., 87c., and $1,50 each. Wholesale by the principal Drug Houses in the Union, and by Messrs. A. B. & D. Sands, New York.

There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

THE SUBSCRIBER, desirous of settling in Milwaukee, offers to exchange or sell his Real Estate for Property in this City, or Farms in this State. Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. R., and well known as the handsomest and healthiest city on the line. Its population is about 6,000, and it is the most pleasant and thriving business City in the State, being the site of the Michigan University, Medical College and Observatory, which receive every year over 1,000 Students from every part of the Union. Its Water Privileges and surrounding Farming Country are second to none in the State.

The property offered is a New Block of Four Brick Stores, Stuccoed and Finished throughout, known as the Buchoz Block, and will in a short time be the best business part of the City. Adjoining said Block is a Fashionable Brick Dwelling House, finished for my private use, at a cost of about $5,000. Also a well-stocked Lumber Yard, and a Hardware Store, doing now a first rate business. This is a chance seldom met with, for a person wishing to engage in the trade. PATENT MEDICINES.

MEDICATED INHALATION.
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2-1yd&w

PROFESSOR WOOD'S
ORIENTAL SANATIVE LINIMENT.

THIS LINIMENT is not the mere creature of some old recipe, gotten up without knowledge or skill, and then presented to the world as a *sovereign balm for every wound*, and a cordial for every ill to which poor humanity is subject, but it is the result of long and faithful study, and is only submitted after testing its wonderful medicinal virtues in thousands of cases where every other necessity remedy had failed, and hence the proprietor can say with all confidence, that no intelligent person who once sees its effects will ever be without it. It will be observed by all that this Liniment, so pregnant with medicinal virtues, is a concentration of oils and other vegetable substances; and hence when applied will not evaporate even in the smallest degree, and must penetrate to the seat of the disease, if that be possible, being perfect nonsense to claim (as most humbugs do) that it will penetrate throughout universal organized matter and enter the very bones.—But, instead of this, he will proceed to lay before the reader a plain, candid statement of facts.

1st. This Liniment is a valuable auxiliary in the treatment of some of the most formidable diseases with which it is our lot to contend; for instance, Inflammation of the lungs and bowels. By a thorough and continued application of this Liniment over the region of the affected organ those otherwise formidable diseases are at once disarmed of more than half their terrors, particularly among children, and thousands of mothers, were they allowed to speak would, with all the eloquence of feeling and affection, bear their united testimony to the fact that it had snatched their children from the very jaws of death, and restored them to all their former health and beauty. Again—it will be found a powerful auxiliary in removing what is generally known as Ague Cake, or an enlargement of the spleen; indeed, in all cases where an external application is of service, this Liniment will be found useful. Again—Ringworm, Tetter, Neuralgia, swelled and stiff Joints, Contracted cords, Bruises, Sprains, Galls, Wounds, Cuts, &c., have all been cured in an incredibly short space of time, by the use of the ORIENTAL SANATIVE LINIMENT. It also cures Scrofula, King's Evil, Foul Ulcers, and is applicable wherever an external remedy is required to reach the affected part. And for horses and cattle, for Windgalls, Ringbones, Sweeney, Spavins, Pole Evil, Fistules, Sprains, Galls, Bruises, Cuts, &c., the proprietor is satisfied that no remedy was ever offered to the world equal to it.

ST. LOUIS, March 28, 1854.

This is to certify that we have, for some months past, used Prof. Wood's "Oriental Sanative Liniment," both upon our men and horses, and we have no hesitation in saying, that, although we have used many, if not all, of the popular liniments of the day, this is decidedly the best we have ever used, and all who use it will more than realise their most sanguine expectations of its wonderful effects.

PATENT MEDICINES.

DOCTOR D'S
Old Lock Hospital.
NO CURE NO PAY.
No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have [illegible] need of advice or attention from Dr. D. may confide to him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhœa, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but a call upon him, to make every thing satisfactory in treatment. Such is the absolute efficacy of the method of cure, that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yr

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS,
CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.
H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had [illegible] twenty years ago.

I commenced using the Resto[illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the [illegible] hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,
N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salt county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! QUEEN'S PATENT
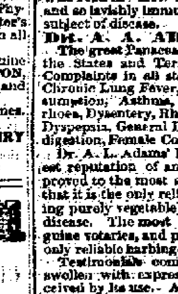
PORTABLE
FORGE
AND
BELLOWS.



THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way. It is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.
